Summary & Background

(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

PURPOSE:

To request Mayor and Council's consideration for a request for a Retail Package Dealer license to sell beer and wine beverages for property located at 190 Jonesboro Road, Jonesboro, Georgia.

HISTORY:

1. Currently, the property serves as a gas station that has been approved for beer/wine packaged sales.
2. Our records show that the site has served as home to Jay Food Mart for a number of years.

FACTS & ISSUES:

1. The alcoholic beverage license application was submitted by Minal Patel, owner due to a recent change in ownership.
2. City Manager Ricky Clark has reviewed the application packet. All requirements, per Chapter 6 - Alcoholic Beverages, were met.
3. The Jonesboro Police Department has conducted a computerized criminal history records check for the applicant and the results were found to be clear of any arrest within the State of Georgia (excludes a National record search).
4. There were no deficiencies found in Chevron's application. Based on all findings, the application was found to be sufficient and ready for Mayor and Council's consideration.

GENERAL NOTES (Per Section 4-46):

1. Nearest Church – 705 yards to Antioch Church
2. Nearest School – 446 yards to Clayton County Alternative School
3. Nearest Alcoholic Treatment Center – 8761 yards to Southern Regional Hospital and Drug Treatment

The annual license fee will be \$2,000.00

Discussion regarding Application #18ALC-003 requesting for the pouring of beer, wine and distilled spirits for the "Sports Cafe" bar/grill located at 8501 Tara Blvd by Jung C. Tak, Inc.

Requirement for Board Action *(Cite specific Council policy, statute or code requirement)*

Sec. 6-36. - License Required to Sell Alcoholic Beverages.

Is this Item Goal Related? *(If yes, describe how this action meets the specific Board Focus Area or Goal)*

No

Summary & Background

(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

The applicant, Jung C. Tak, is applying for a new consumption on premises of distilled spirits for the "Sports Cafe" restaurant located 8501 Tara Boulevard.

Background:

1. This location currently has an Alcohol Beverage License to serve beer/wine in Clayton County. Pursuant to the recent Annexation through HB 864, the applicant must have a license approval in the City to continue the sale of alcohol. Applicant has been approved to operate a restaurant at this location.
2. The subject restaurant is located within a heavy-trafficked commercial area. Surrounding zoning, general plan land use designations and existing uses are denoted as a C-2 highway commercial district.
3. *Purpose.* The C-2 highway commercial district is established to accommodate intense retail and service commercial uses along Jonesboro's arterial highways. A broad range of such uses anticipates traffic from surrounding areas traveling through the city and affords a broad segment of the business community access to the large customer volumes associated with such locations. The automobile is the principal means of transit for shoppers in this district, and convenient on-premises parking is a primary concern. Given the value of arterial locations intended to capture heavy retail traffic, such industrial uses as manufacturing, distribution and processing are prohibited in order to reserve high visibility and enhanced access locations for highway commercial uses.

Facts & Issues:

1. Ricky Clark, City Manager has reviewed the application packet. All requirements, per Chapter 6- Alcoholic Beverages, were met.
2. The annual license fee will be \$4,500.00
3. The Jonesboro Police Department has conducted a computerized criminal history records check for the applicant and recommends approval based upon the background information received.
4. As required by Section 6-39, the applicant has submitted the required land survey. Per Section 6-39, for those establishments selling malt beverages and/or wine but no distilled spirits, a distance of no less than 100 yards from any school, church or education building is required.

Sec. 86-103. - H-2 historic district.

- (a) *Purpose of district.* The purpose of the H-2 historic district is to provide for office and commercial uses having a minimal impact on existing residential uses. Development and redevelopment in this district is intended to enhance and preserve the historic character of the area, to encourage thoughtful reuse of historic structures for non-residential purposes, to protect existing low-density residential uses in the district, and to promote the goals of the Livable Centers Initiative Study.
- (b) *Delineation of historic district.* The historic district is delineated and duly designated on the official zoning map of the city. Areas located within the historic district must comply with the requirements of this section.
- (c) *Required review of exterior changes.* From and after the designation of the H-2 district, no exterior portion of any building or other structure that can be viewed from the public right-of-way (including stone walls, fences, light fixtures, steps and pavement, or other appurtenant features) nor an aboveground utility structure, nor any type of permanent sign shall be erected, altered, restored or moved within such H-2 district until an application for a certificate of appropriateness as to exterior architectural features and signage has been submitted to and approved by the historic preservation commission. All proposed changes requiring a certificate of appropriateness shall comply with the H-2 design standards found in subsection (l) herein.
- (d) *Application for certificate of appropriateness.* Application for a certificate of appropriateness shall be made by the owner or owner's agent to the director of downtown development for the city, and the certificate of appropriateness form shall be completed by the director of downtown development within 30 days and presented for review and approval by the historic preservation commission at their scheduled meeting(s). The commission shall vote to approve or deny the certificate upon review of the application, which shall be duly signed by the commission chairperson.
- (e) *Exterior architectural feature defined.* For purposes of this section, exterior architectural features shall include architectural style, general design, and general arrangement of the exterior of a building or other structure, including the color, the kind and texture of the building material, and the type and style of all windows, doors, light fixtures, signs and other appurtenant features. In the case of outdoor advertising signs, exterior architectural features shall be construed to mean the style, material, and location of all such signs. The commission shall not consider interior arrangement and shall take no action under this section except for the purpose of preventing the construction, reconstruction, alteration, restoration, or moving of buildings, structures, appurtenant features, or outdoor advertising signs in the historic district that would be incongruous with the historic aspects of the district.
- (f) *Certain changes not prohibited.* Nothing in this section shall be construed to prevent the ordinary maintenance or repair of a structure in the historic district which does not involve a change in design, material, color, or outer appearance thereof, nor to prevent the construction, reconstruction, alteration, restoration, or demolition of any such feature which the code enforcement officer or fire marshal shall certify is required by the public safety because of an unsafe or dangerous condition. Such a determination by the code enforcement officer or fire marshal shall be made and documented after an examination of all alternative actions intended to result in the preservation of any feature are exhausted.
- (g) *Delay in demolition of historic buildings.* From and after the designation of a historic district, no building or structure therein shall be demolished or otherwise removed until the owner thereof shall have given the historic preservation commission via the director of downtown development's office 120 days' written notice of his proposed action. Upon receiving written notice, the city shall erect a sign on the property to indicate that the building or structure is proposed for demolition. During such 120-day period the historic preservation commission may negotiate with the owner and with any other parties in an effort to find a means of preserving the building. Should the historic preservation commission find that the building involved has no particular historic significance or value toward maintaining the character of the district, it may waive all or part of such 90-day period and authorize earlier demolition or removal. In making a determination of a building's particular historic significance, the historic preservation commission shall refer to the most recent inventory of historic buildings kept on file at the office of downtown development.

- (h) *Permitted uses.* The following general use classifications are permitted; refer to section 86-204, Table of uses allowed by zoning district, for actual permitted uses:

- (1) Office uses

- (2) Residential uses ✓

Uses similar to the above listed permitted uses, as determined by the city manager and provided in section 86-96, may be permitted unless listed elsewhere as a prohibited use.

- (i) *Conditional uses.* Uses that may be allowed upon finding by Jonesboro City Council that the proposed location and use will not disrupt the desired smaller-scale office and residential environment of the district, and provided the proposed floor area does not exceed 3,500 square feet, are found in section 86-204, Table of uses allowed by zoning district.

- (j) *Development standards.*

- (1) Minimum lot area: None

- (2) Minimum lot width: 50 feet

- (3) Minimum setbacks:

Front: Building setbacks that have been established over time by historic structures, as listed on the most recent inventory of historic buildings kept on file at the office of downtown development, shall establish the minimum front setback.

Side: Five feet, except when abutting a residential zoning district where there is no intervening right-of-way, the setback requirement is ten feet.

Rear: 20 feet

- (4) Maximum height: Three stories or 35 feet

- (5) Minimum height: Two stories

- (k) *Existing uses.* Any use or structure existing at the time of adoption of this ordinance that would no longer be permitted or be in compliance with the current regulations shall be allowed to continue operation as is but shall be classified as a non-conforming use and subject to all applicable requirements of article X of this chapter.

- (l) *Design standards.* In order to preserve the physical character of existing historic structures in the H-2 historic district, every effort shall be made to adapt the property in a manner that complements the historic character of the area when making exterior alterations to the existing building, site, or environment. New construction shall also be appropriate for the district in design, placement, and scale.

- (1) *Rehabilitation.* Maintaining the existing historic design, materials, and details of structures in the H-2 district is encouraged. It shall include the use of materials that are compatible with the architectural style of the historic building (see article VII, Architectural style, for guidance on specific historic styles and building materials traditionally found in Jonesboro.)
- a. *Roofs.*
 1. The existing pitch and shape of the roof shall be maintained.
 2. The shape, style, and placement of historic dormers shall be maintained.
 3. The addition of dormers to the front facade where none previously existed is prohibited.
 4. Existing roof materials shall be replaced with the same type of historic material or with that which closely resembles the existing material.
 5. Decorative brackets, cornices, and eaves shall be maintained.
 6. Historic chimneys shall be maintained.
 7. New chimneys shall use traditional design and materials, and their placement shall be appropriate for the architectural style of the structure.
 - b. *Building materials.*
 1. Historic building materials shall be maintained.
 2. Unpainted brick facades shall remain unpainted.
 3. Damaged exterior materials shall be treated with materials that will not cause further deterioration, including the use of a historic mortar mix of an appropriate color when repointing brick.
 4. Proper maintenance of all building materials shall adhere to the secretary of interior's standards for rehabilitation and other resources on file with the office of downtown development.
 - c. *Building color.*
 1. Recommended color shades shall draw from the range of existing color shades and complement the color schemes that already exist in the district. Reference materials on appropriate color palettes will be available for review at the office downtown development at city hall.
 2. Neon colors are prohibited.
 3. Primary colors may be acceptable for trim or accents pending review and approval by the director of downtown development.
 4. Color patterns shall be consistent with the architectural style of the structure and with the overall historic character of the district.
 - d. *Foundations.*
 1. The original design and materials of the foundation, open pier foundation and the porch pier foundation shall be maintained.
 2. Unpainted historic masonry foundations shall not be painted.
 3. Concrete block shall not be used as a foundation material.
 - e. *Details.*
 1. The addition of architectural details where none previously existed is prohibited.
 2. Replacement of historic details shall be made with matching material, design, and scale versus stock details.
 3. The removal of details from a structure is prohibited.
 - f. *Lighting.*
 1. Lighting fixtures and wattage shall be compatible with the historic character of the structure and the district.
 2. Lighting placement and wattage shall be configured to prevent glare and to prevent light trespass into residential uses.
 - g. *Windows.*
 1. Historic windows and window arrangement shall be maintained.
 2. Damaged portions of windows, or windows damaged beyond repair, shall be replaced with windows that are comparable in design, size, and materials versus stock windows.
 3. Flat snap-in muntins, designed to resemble frames that hold panes of glass in a window, are discouraged.
 4. New windows on side elevations shall be compatible with historic windows in terms of materials, size, and design.
 5. Storm windows shall match the color of the window frame and obscure the window as little as possible.
 6. The addition of windows where none previously existed is discouraged.
 7. The addition of shutters that are not compatible with the window size and shape is discouraged.
 - h. *Doors.*
 1. Historic doors and door placement shall be maintained.
 2. Damaged portions of doors, or doors damaged beyond repair, shall be replaced with doors that are comparable in design, size, and materials versus stock doors.
 3. New doors on side elevations shall be compatible with historic doors in terms of materials, size, and design.
 4. Storm doors shall match the color of the doorframe and obscure the door as little as possible.
 5. The addition of doors, sidelights, transoms, fanlights, or other decorative features where none previously existed is discouraged.
 - i. *Porches.*
 1. The design, materials, roof supports and balustrades and roof shape of historic porches shall be maintained.
 2. The addition of front porches where none previously existed is discouraged.
 3. The addition of decorative elements, if desired, shall be consistent with the base architectural style of the structure.
 4. Replacement of historic porch features shall be made with matching material, design, and scale versus stock features.

5. Porch floors and foundations shall not be replaced with slab concrete or brick.
6. The enclosure of front or side porches shall be prohibited.
7. The design and installation of ADA-compliant ramps onto a front porch shall seek to preserve the historic character of the buildings. Section 4.1.7 Accessible Buildings: Historic Preservation of the ADA Accessibility Guidelines, and resources of the office of downtown development, shall be used as resource guides.
- j. *Walls and fences.*
 1. Historic fencing and walls shall be maintained.
 2. Materials and design of fencing and walls shall be appropriate to the dwelling and to the district. Examples of appropriate materials are wood for fencing and stone for retaining walls. The use of chain link fencing material is prohibited.
- k. *Walks and drives.*
 1. Historic walks and drives shall be maintained.
 2. New walks and drives shall use traditional placement and materials that are appropriate to the dwelling and to the district. The use of gravel is prohibited.
 3. Parking shall be located to the rear of the dwelling or to the side behind the facade line of the dwelling.
- l. *Other features.*
 1. Mechanical systems (including but not limited to air conditioning units and satellite dishes), recreational equipment (including but not limited to pools and semi-permanent play structures), and decks shall be placed to the rear of the property so as to minimize visibility from the public view. Any mechanical systems that must be located on the roof shall be placed to the rear of the roof.
 2. Skylights shall be located to the rear of the roof and shall not be within public view.
 3. Compatible fencing or vegetation shall be used to screen features that are located to the rear of the property.
 4. Utility meters shall be placed unobtrusively.
 5. For commercial or office-zoned properties in the district, dumpsters shall be placed to the rear of buildings and shall be screened from public view by appropriate fencing, vegetation or walls.
-  (2) *New construction.* New buildings shall be compatible with surrounding historic structures and shall contribute to the character to the area. Prevalent architectural styles in the district shall guide new development. (See article VII, Architectural style and scale, for guidance on specific historic styles and building materials traditionally found in Jonesboro.)
 - a. *Scale and form.*
 1. New buildings shall be compatible with the existing scale and form of nearby historic homes in terms of foundation and story heights, roof height, shape and pitch, number of stories, width, and depth.
 2. The maximum heated floor area of infill development shall not exceed 150 percent of the average heated floor area of single family detached dwellings located on the same street for a distance of 600 feet in either direction.
 3. The maximum building height for infill development shall be determined by the maximum building height of single family detached dwellings located on the same street for a distance of 600 feet in either direction.
 - b. *Materials and color.*
 1. The predominant exterior siding material or a modern material that creates a similar texture or appearance shall be used.
 2. The use of brick is encouraged for chimneys.
 3. Prohibited exterior materials include synthetic materials with a false wood grain, vinyl siding, brick veneer, concrete block, and the use of materials that do not complement the architectural or historic style of the structure.
 4. Brick and paint colors shall be compatible with the style of the structure and with surrounding historic structures.
 5. Neon colors are prohibited.
 6. Primary colors may be acceptable for trim or accents pending review and approval by the director of downtown development.
 - c. *Doors and windows.*
 1. Window and door placement, shape, and dimensions shall be compatible with the pattern on nearby historic structures.
 2. Blank wall facades are discouraged.
 - d. *Additions.*
 1. Additions shall be placed away from public view on the rear elevation or on a side elevation well behind the facade.
 2. Additions shall not obscure the form, orientation, or symmetry of the original structure, nor shall they exceed the degree of ornamentation of the original structure.
 3. Matching or compatible siding and roofing materials shall be used.
 4. Matching or compatible windows and doors shall be used.
 5. The removal of a significant portion of original materials to construct an addition is prohibited.
 - e. *Accessory structures.*
 1. Historic accessory structures, or outbuildings, shall be maintained in accordance with guidelines for dwellings in the district.
 2. New accessory structures (including but not limited to carports, garages, and storage sheds) shall be located behind the facade line of the dwelling.
 3. The design, scale, placement, and materials of new structures within public view shall be compatible with those of the dwelling.
