A tax rate of one mill represents a tax liability of one dollar per \$1,000 of assessed value. We have received our digest from the County and it appears that there was a slight increase in our values. Given the criticality of driving a municipal revenue source, staff has recommended an increase of 2.0 in our mills totaling 6.0 mills.</p> <p>Pursuant to State Law, we are required to hold Public Hearings and receive public comment in favor of or against the increase. ## NOTICE OF PROPERTY TAX INCREASE

The City of Jonesboro will conduct three public hearings as required by O.C.G.A. 48.5.32.1 prior to setting the tax millage rate for 2019. The tentatively adopted millage rate will be 26.75 with a millage rollback of 20.75 which will require an increase in property tax by 4.17% over rollback.

The first hearing is scheduled for November 20, 2019 at 6 PM and the second hearing is scheduled for November 27, 2019 at 10 AM. The third hearing is scheduled for December 9, 2019 at 6PM. All hearings will be held in the Council Chambers located in the Jonesboro Police Department, 170 S. Main Street, Jonesboro, Georgia.

The tentative percent increase will result in a millage rate of 6 mills. The proposed tax millage for a home with a fair market value of \$50,000 homestead exemption will not be taxed. A home with fair market value of \$50,000 without homestead exemption will be taxed \$120.00.

Ricky L. Clark, Jr.  
City Manager

## NOTICE

The City of Jonesboro does hereby announce the proposed millage rate will set at a meeting held at 170 S. **Summary & Background**

(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

Upon receipt of our 2020 major medical insurance rates, we experienced initially a 68% increase in our insurance rates (major medical) from United Healthcare. After seeing the budgetary impact of an increase that significant, our broker of record informed Staff of other options within the marketplace. After speaking with our broker and reviewing all options, we went back to our carrier to request an increase no greater than 10% based upon the competitive quotes we received. See attachments for a full breakdown of costs. The carrier granted and we are respectfully requesting renewal of our FY' 20 Major Medical Insurance with United Healthcare. Some highlights of the plan include the following:

**DENTAL**

Lincoln is increasing the Dental rates by 8% for the upcoming year. However, if the City of Jonesboro moves the Vision and Basic Life/AD&D coverage to Lincoln effective January 1st, Lincoln has agreed to hold the current Dental rates as-is for the upcoming year.

By moving the Vision and Basic Life/AD&D benefits to Lincoln, the City of Jonesboro would receive a slight decrease in Basic Life/AD&D and Vision premiums as mentioned below, and administratively would be beneficial as there would then be just 1 bill for the Dental, Life and Vision benefits.

**BASIC LIFE & AD&D**

The 1x salary to \$50,000 maximum Basic Life/AD&D policy with Anthem is in the middle of a rate guarantee and not scheduled to renew until 1/1/2021. Lincoln is coming in approximately 11% below current with a 2-year rate guarantee (would not renew until 1/1/2022).

**VOLUNTARY LIFE**

The Voluntary Life policy with Lincoln is in the middle of a rate guarantee and not scheduled to renew until 1/1/2021. Lincoln has a strong Voluntary Life contract with options to increase benefits annually without evidence of insurability.

**VISION**

Lincoln is coming in about 2% below the current Anthem Vision rates with a 2-year guarantee. Currently, employees pay

## DENTAL

Lincoln is increasing the Dental rates by 8% for the upcoming year. However, if the City of Jonesboro moves the Vision and Basic Life/AD&D coverage to Lincoln effective January 1<sup>st</sup>, Lincoln has agreed to hold the current Dental rates as-is for the upcoming year.

By moving the Vision and Basic Life/AD&D benefits to Lincoln, the City of Jonesboro would receive a slight decrease in Basic Life/AD&D and Vision premiums as mentioned below, and administratively would be beneficial as there would then be just 1 bill for the Dental, Life and Vision benefits.

## BASIC LIFE & AD&D

The 1x salary to \$50,000 maximum Basic Life/AD&D policy with Anthem is in the middle of a rate guarantee and not scheduled to renew until 1/1/2021. Lincoln is coming in approximately 11% below current with a 2-year rate guarantee (would not renew until 1/1/2022).

## VOLUNTARY LIFE

The Voluntary Life policy with Lincoln is in the middle of a rate guarantee and not scheduled to renew until 1/1/2021. Lincoln has a strong Voluntary Life contract with options to increase benefits annually without evidence of insurability.

## VISION

Lincoln is coming in about 2% below the current Anthem Vision rates with a 2-year guarantee. Currently, employees pay \$10 for exams and \$0 for standard materials, whereas Lincoln would offer an enhancement as there would be no copay for exams or standard materials. **The following page shows a side-by-side of the current Anthem Vision benefits compared to Lincoln's proposed benefits.**

***Based on the details above, it is the recommendation of BKS Partners that the City of Jonesboro move the Basic Life/AD&D and Vision benefits to Lincoln, effective January 1, 2020.***

## 2020 MEDICAL RENEWAL DETAILS

### CLAIMS

- Current 12-Month Loss Ratio: 76%
- Projected Ongoing Loss Ratio: 100%+
- Claimants over \$25,000:
  - 4 claimants at approximately \$25K, with ongoing claims expected to be similar
  - 3 claimants at approximately \$50K – all ongoing
  - 1 claimant at approximately \$50K with future expected claims of \$100K or more.

### MARKETING

BKS Partners went to market with the traditional insurance companies (Aetna, Anthem, Cigna, Humana and Kaiser), as well as several other non-traditional carriers (Assured Benefits Administrators, National General and OptiMed).

- Aetna declined to quote due to the claims information and high renewal increase from United Healthcare.
- Anthem is requiring a completed Employer form, but it does not sound as though they will be competitive based on the underwriter's initial review. It is likely they will require employee applications to release final rates.
- Cigna – most competitive traditional carrier option (see next paragraph)
- Humana increased their baseline rates by 215%, essentially declining to quote.
- Kaiser will not release final rates without the completed employer form, and they are also requesting confirmation on where their rates would need to be for Jonesboro to consider moving to Kaiser.

Of the traditional carriers, Cigna is the most competitive option. They are approximately 11% below the renewal – 27% above the current rates for plans as closely matched to current as possible. They also have a good option that includes a low-deductible HSA plan that is priced at a little over 8% above current. These Cigna rates are underwritten based on the current enrollment/census. Please keep in mind, as we experienced when the benefits moved to UHC, changes in enrollment of +/- 10% can result in changes to the proposed Cigna rates. Cigna's option also includes a \$5,000 wellness fund for City of Jonesboro to use towards various employee wellness events throughout the year.

Of the other carriers, Assured Benefits Administrators (ABA) offers the most potential savings. ABA offers a level-funded medical option as well as a reference-based pricing option. Both are forms of self-insuring which could result in potential savings for City of Jonesboro should claims run well. There are risks and possible disruption involved with these offerings as well, which City of Jonesboro will need to consider.

In addition, these rates are not underwritten and would require all employees to complete individual applications/health questionnaires. These baseline rates appear to be priced extremely low, possibly to entice employers to submit employee applications. We expect these rates will increase significantly after review of employee applications but may still be competitive after underwriting.

## MEDICAL RENEWAL & OPTIONS

### UNITED HEALTHCARE RENEWAL

The originally released renewal offer from UHC was at a 68% increase due to the high expected claims and large ongoing claim activity. After negotiations with underwriting, they went back and were able to drop this increase down to 38%. One last push got them down to 30%. This is not an “as-is” renewal, as UHC has made several changes to their portfolio of plan options for 2020. One major change is that they no longer offer a \$250 deductible Medical plan, so they have replaced the \$250 90% plan with a \$2,000 deductible 100% plan. While the deductible is higher than current, the total out-of-pocket exposure is lower. Below is a breakdown of the current rates compared to the original renewal offer and the revised renewal offer.

#### Proposed Benefit Changes for Renewal Options:

- ER Copay on both plans increasing from \$350 to \$500
- PCP Copay on both plans changing to \$25
- Specialist Copay on both plans changing to \$50
- Removing \$500 inpatient per-occurrence copay on both plans
- Buy-Up plan \$250 Deductible increased to \$2,000
- Buy-Up plan member coinsurance reduced from 10% after deductible to 0% after deductible
- Buy-Up plan \$3,000 out-of-pocket maximum reduced to \$2,000

## United Healthcare Fully Insured Plan Options

### UNITED HEALTHCARE OPTION 1:

Under this option, the base plan increases the individual deductible from \$500 to \$1,500, and the out-of-pocket maximum from \$4,000 to \$6,000. On the buy-up plan, the deductible increases from \$250 to \$1,000 and out-of-pocket maximum from \$3,000 to \$4,000. Coinsurance also reduces on this option from 90% to 80%. On the buy-up option, the Rx plan remains the same as current. On the base option, Rx plan is changed to 4-tier Rx UG.

**UNITED HEALTHCARE OPTION 2:**

Under this option, the base plan increases the individual deductible from \$500 to \$1,000, and the out-of-pocket maximum from \$4,000 to \$7,500. It is an HMO option, so no out-of-network benefits. On the buy-up plan, the deductible increases from \$250 to \$1,500 and out-of-pocket maximum from \$3,000 to \$4,000. However, this buy-up option is a 100% plan, so after the \$1,500 has been met, members are only responsible for copays until the out-of-pocket maximum has been reached. On both options, Rx plan changed to 4-tier Rx UG.

**UNITED HEALTHCARE OPTION 3:**

Under this option, the base plan is a gatekeeper HMO, meaning employees would need referrals from their Primary Care doctor to see Specialists and seek other care. The deductible and out of pocket on this option increase, while copays decrease slightly. On the buy-up plan, the deductible increases to \$1,500 and employees will spend less on care when they visit freestanding facilities vs. hospital-based, similar to the current plans. The buy-up plan coinsurance is 100%, which means employees only pay applicable copays after the deductible has been met. Rx plan changed to 4-tier Rx UG.

**UNITED HEALTHCARE OPTION 5:**

Under this option, the base plan deductible would increase to \$3,000 and buy-up plan would increase to \$2,000. UHC would pay 100% after the deductible has been met (outside of any applicable copayments). Total out of pocket exposure would increase to \$5,000 on the Base plan and \$4,000 on the buy-up plan. No copays for primary care, and Specialist visits would be subject to the deductible (applicable copay after deductible has been met). Rx plan changes to 4-tier formulary with \$0 copay for tier 1 prescriptions.

### ABA Level-Funded Option

Under the Level-Funded model, a portion of the monthly premium would be used to pay for administrative (fixed) costs and the other portion would be put into a claims funding "bucket" that is used to pay claims throughout the year. Built into the administrative costs is stop-loss which protects Jonesboro from possible high claims utilization. If claims run well, City of Jonesboro could stand to earn a refund of a portion of the unused claims funding account balance after the end of the plan year. If claims do not run well, no deficit would be owed, but City of Jonesboro would likely be facing another high renewal increase in 2021.

### ABA Reference-Based Pricing Option

Under the Reference-Based Pricing model, employees can choose to go to any provider they choose, and ABA will reimburse the provider 150% of what Medicare would pay. This model offers significant savings on claims because traditional insurance contracts typically pay 200-500% of Medicare. However, the major downside to reference-based pricing is that, because there is no network or negotiated costs with providers/facilities, employees can be balance billed if the provider doesn't accept the Reference-Based Pricing payment for their services. This can lead to disruption and/or hardship on Jonesboro's employees, including bills being sent to collections, potential litigation, etc.
