Subject: Board Appointees

Mayor Sartor / Mr. Hill,

I am sending you a Word Document that can be changed however you would like, but the main point is that Mr. Ford's annual commission is about to expire in June and so is Ms. Stewart's 3 year term. I have spoken to both and they would both like to remain on the board, so I am simply asking for you all to look over the following and you could use this document for a resolution in one of your City Councils Meetings.

Mr. Ford's Appointment Expires 6/13/2024
 Ms. Stewart's Appointment Expires 6/9/2024

Mr. Ford's renewal is always a 1 year renewal. All other board members renew for 3 years.

We are still at 4 board members and have 1 seat vacant.

Please let me know if you have any questions.

Sincerely,
Paul G. Wright

			COUNCIL MEETING DATE June 10, 2024

Requested Action <i>(Identify appropriate Action or Motion, purpose, cost, timeframe, etc.)</i> Council to consider Conditional Use Permit Application, 24-CU-009, for an event center by Patricia Okwuosa, property owner, and Christina Brown, applicant, for property at 242 Stockbridge Road (Parcel No. 12017D B003), Jonesboro, Georgia 30236.

Summary & Background <i>(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)</i> Agency recommendation – Denial ; In June 2021, an application was approved for an event center and restaurant / lounge in suite 11 at 242 Stockbridge Road, despite the fact that it went against condition #3 of Section 86-532 below. This fell through in the permitting stage. Five months later, a large concert hall was approved in suite 8 of the same commercial center. It was deemed that the approved event center and the concert hall could be complimentary and that there was enough parking to support both. This approved use never came to pass. In May 2022, a comedy club / event venue was denied at the same property. The next month, a food pantry was approved at the property but fell through before construction started. In 2023, the applicant's new marketing agent met with the Economic Development Director and the Community Development Director to discuss what national or regional chains would work best in the commercial center. In 2024, an Ace Hardware store was approved for the building, but the financing fell through. Attached is the application for the <u>fourth</u> attempt at an event venue (meetings, event, trainings) in one of the suites of the building (suites 6-7). The Table of Uses requires a conditional use permit for this particular kind of use in C-2 zoning, with the following conditions: <i>Sec. 86-532. NAICS 531120 – Lessors of Nonresidential Building (except Mini-warehouses), including Event Centers (Excluding funerals and wakes)</i> <i>(1) Off-street parking and/or drop-off space adequate to meet the needs of the proposed facility shall be provided.</i> <i>(2) Any alcohol service and consumption on the premises must conform to Chapter 6 standards, Alcoholic Beverages.</i> <i>(3) Must be located in a stand-alone building (no planned centers, connected storefronts sharing a common wall, or lots with zero lot line development or shared parking).</i> <i>(4) A minimum 50-foot wide buffer shall be maintained between built elements (including paved parking areas) of the proposed facility and any adjacent, residentially zoned property.</i>

The proposed use would violate condition #3 above, although this condition was disregarded with the approval of an earlier event center application at the same property. In meeting with the new marketing agent in 2023, the understanding was that higher profile businesses, regional or national chains would be sought for the building. An event center is not the highest and best use for a property that was once filled with commercial businesses.

Update for 6.10.24 Meeting:

Applicant provided more information:

- She has a lot of expertise with party planning.
- She also does community events with Clayton County.
- The event space could provide up to 20 jobs.
- She will also have balloon making classes at the facility.
- How is she different from other event centers approved for the property? She has a lot of experience and she will provide security.

Yes Economic Development, Community Planning, Neighborhood and Business Revitalization

Summary & Background

(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

Agency recommendation – **Denial of Conditional Use application**; Recently, the applicant put in a zoning verification for a convenience store for the standalone commercial building at the subject property. The C-1 zoned commercial property has been a dry cleaners for many years and is still active to this day. This use requires an approved conditional use permit with the following minimum conditions:

Sec. 86-165. - NAICS 445120 Convenience food stores, without fuel pumps.

The following conditions are assigned in the MX, C-1, C-2, and M-1 districts:

(1) Establishments shall be limited to a maximum floor area of 4,000 square feet.

The existing building currently has 2400 square feet. It has approximately 10 parking spaces and a drive-thru.

While the building does not exceed the size maximum, a convenience store would not be the highest and best use for the immediate area, considering there are two other convenience stores on the other corners of the Jonesboro Road / Hwy. 138 intersection, and another about a quarter mile south of the subject property. Another convenience store about 500 feet east of the property recently went out of business.

In addition, increased traffic at a convenience store would exacerbate the already complicated traffic situation that customers of the less intense dry cleaners already experience – the right turn lane onto Hwy. 138 frequently blocks all traffic seeking to come out of the subject property. A left turn here is very difficult. An active convenience store could potentially make the intersection more dangerous.

Summary & Background

(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

Agency recommendation – **Denial of Conditional Use application**; Recently, the applicant submitted a zoning verification form for 8712 Tara Blvd for a child care and program, which requires a conditional use permit. The property has served as an office for various uses through the years. Zoned O&I (Office-Institutional), there is already a functional building and paved parking lot there. There is currently an access drive to Fayette Avenue which immediately turns onto Fayetteville Road, next to the intersection of Fayetteville Road and Tara Boulevard. There is a recently approved daycare facility about 500 feet to the north. There are residences to the rear of the property, along Fayette Avenue. The building is approximately 4500 square feet and is divided into two suites. The other suite houses the offices of Phoenix Behavioral Health Services.

The City was first made aware of the situation by working with the other business in the building, Phoenix Behavioral Health Services. The owner of the building said the applicant had been occupying the other suite in the building for a few months. They were told to shut down until (of if) they got conditional use approval.

Normally, per Sec. 86-122, daycares and other similar facilities require the following:

1. A certain amount of fenced-in playground equipment per child.
2. An evacuation plan, in case the facility is near potentially hazardous uses.
3. An efficient and adequate drop-off loading and parking scheme.

(Note: The site plan requirements on page 3 of the application are typically for new developments that involve re-zonings.)

However, per the applicant:

I wanted to clarify that The After School Spott is not a daycare center nor will be used as such. It is not a requirement per Bright From The Start that we have a playground area, or any outside activities since we are serving as an at-risk program. We are exempt from having to have any license through Bright From The Start attaching us as a daycare center. The starting age for at-risk is 5 yrs old, however if this is a conflict that will affect our zoning we can change the age limit accepted into the program.

The proposed use of the property will be to operate an after school at-risk program. We will be able to provide care for children ages 5 to 18 years, where daycare stops at the age of 13. This space will be used to provide a safe haven,

Thus, the outdoor playground would apparently not be necessary for this type of use. The use would, however, be under the same code as a full-blown daycare and would still require a conditional use hearing. Also, per the enclosed documents, there are requirements from Bright From the Start about afterschool, at-risk programs. An at-risk student is a student who is at risk of not meeting academic or social expectations or of not graduating from high school. At-risk students may require extra support and resources to succeed in school and reach their full potential.

Concerns for use:

1. Proximity of property to busy Fayetteville Road / Tara Blvd. intersection.
2. Proximity of property to gas station at 8664 Tara Blvd.
3. Proximity of property to houses behind it. The narrowness of the property makes the building very close to the rear property line.
4. Presence of an already established day care close by.
5. Program would be in an adjacent suite to a behavioral health facility.
6. Kids from ages 5 to 18 would be together in a 2000 square foot suite.
7. No credentials presented to City about program.
8. Applicants already occupied building before getting permission.
9. The building is pre-1978, which can possibly contain lead paint and asbestos.
10. The parking lot only has 15 parking spaces and is closed off, not allowing for an effective circulation pattern for drop-off and loading.

Staff recommendation: Denial of application, based on previous concerns.

Update for 6.10.24 Meeting:

The applicants were present at the meeting and addressed many of the concerns:

- They were never open, just cosmetically improved some rooms.
- They have repainted already with fresh paint.
- Food preparation will be under Serv Safe regulations.
- The Phoenix Behavioral Health Services from the other suite is gone, freeing up the entire building for this program.
- Occupancy for 38 total students; Ratio of students to teachers of about 10:1.
- Students of different age groups will be in different rooms.
- Not an open floor plan.
- Not a full day of activities – before and after school.
- They can transport kids to school.
- This is a free service for the kids.

Should the Mayor and Council choose to approve this application, the following minimum conditions should apply:

1. Not approved for a full day's activities.
2. Should not exceed the occupancy set by the Fire Marshal.
3. Shall provide all necessary State and Federal certifications.
4. Shall provide Serv Safe food certification.
5. No other tenant shall occupy the building during the at-risk program's tenure.

Greeting Mr. Allen,

Per the conversation we just had via phone about the denial. I wanted to clarify that The After School Spott is not a daycare center nor will be used as such. It is not a requirement per Bright From The Start that we have a playground area, or any outside activities since we are serving as an at-risk program. We are exempt from having to have any license through Bright From The Start attaching us as a daycare center. The starting age for at-risk is 5 yrs old, however if this is a conflict that will affect our zoning we can change the age limit accepted into the program. If you like, I can attach a copy of the Conditional Use Application that must be submitted should you wish to move forward. Please note that the cost of a conditional use permit is \$600.00. Further instructions are prescribed within the application.

Conditional use definition: A use not automatically permitted by right, but may be permitted within a zoning district, subject to requirements specified in this chapter or imposed by the mayor and council.

Since the use is not permitted, if you are in the building right now, doing the use, then you must cease operations and vacate the building immediately. Failure to cooperate can result in a citation to Municipal Court. Operations could only resume when or if the use is approved by the City Council.

Should you have questions and/or concerns, please feel free to contact me.

III. DEFINITIONS

"At-risk afterschool care program/center" means a public or private nonprofit organization that is

Attachment: Correspondence (3775 : 8712 Tara Blvd - Child Care Program)

participating or is eligible to participate in the CACFP as an institution or as a sponsored facility and that provides nonresidential child care to children after school through an approved afterschool care program located in an eligible area. However, an Emergency shelter, may participate as an **at-risk afterschool care center** without regard to location.

"At-risk afterschool meal" means a meal that meets the requirements described in §226.20(b)(6) and/or (c)(1), (2), or (c)(3), that **is** reimbursed at the appropriate free rate and is served by an at-risk afterschool care center as defined in this section, which is located in a State designated by law or selected by the Secretary as directed by law.

"At-risk afterschool snack" means a snack that meets the requirements described in §226.20(b)(6) and/or (c)(4) that is reimbursed at the free rate for snacks and is served by an at-risk afterschool care center as defined in this section.

"Eligible area" means the attendance area of an elementary, middle, or high school in which at least 50 percent of the enrolled children are certified eligible for free or reduced price school meals.

"Free meal" means a meal served under the Program to a participant from a family which meets the income standards for free school meals; or to a child who is automatically eligible for free meals by virtue of "SNAP", FDPIR, or TANF reciprocity; or to a child who is a Head Start participant; or to a child who is receiving temporary housing and meal services from an approved emergency shelter; or to an adult participant who is automatically eligible for free meals by virtue of "SNAP" or FDPIR reciprocity or is a SSI or Medicaid participant. Regardless of whether the participant qualified for free meals by virtue of meeting one of the criteria of this definition, neither the participant nor any member of their family shall be required to pay or to work in the food service program in order to receive a free meal.

"For-profit center" means a child care center, outside-school-hours care center, or adult day care center providing nonresidential care to adults or children that does not qualify for tax-exempt status under the Internal Revenue Code of 1986. A for-profit center serving children must meet the definition of Child care center or Outside-school-hours care center as defined in this section and one of the following conditions during the calendar month preceding initial application or reapplication (Children who only participate in the at-risk afterschool snack component of the Program must not be considered in determining this percentage): (1) Twenty-five percent of the children in care (enrolled or licensed capacity, whichever is less) are eligible for free or reduced-price meals; or (2) Twenty-five percent of the children in care (enrolled or licensed capacity, whichever is less) receive benefits from title XX of the Social Security Act and the center receives compensation from amounts granted to the States under title XX (Children who only participate in the at-risk afterschool snack component of the Program must not be considered in determining above listed percentages).

"Institution" means a sponsoring organization, child care center, outside-school-hours care center, emergency shelter, or adult day care center participating in the CACFP. (7 C.F.R. § 226.2). It also includes homeless shelters and "at-risk" after school care programs.

"Person with disabilities" means a person of any age who has one or more disabilities, as determined by the State agency, and who is enrolled in an institution or child care facility serving a majority of persons who are age 18 and under.

IV. POLICY

A. Center Eligibility

To qualify for the At-risk Afterschool Meals Program component of the CACFP, the at-risk afterschool care program must:

1. Be area eligible. This means the at-risk afterschool care program must be located in a school zone of any elementary, middle, or high school in which 50 percent or more of the enrolled children are eligible for free and reduced-priced school meals. The Free and Reduced Lunch Data is used to determine whether any schools in the same school zone have 50 percent or more of the children eligible for free and reduced price school meals. Please Note: Area eligibility based upon school data is the ONLY method for establishing site eligibility. Census data may not be used to determine area eligibility in the at-risk afterschool meals component of the CACFP. In addition, sites may not collect participant income information to establish eligibility.
2. Operate a program that includes regularly scheduled and planned educational and/or enrichment activities in a structured and supervised setting organized to provide care after the school day has ended. Activities must be facilitated and supervised by staff of the afterschool program and provide for interaction and teaching opportunities between staff and enrollees. Therefore, programs that only provide time for students to complete homework would not qualify as an educational/enrichment activity.
3. Be operated by a nonprofit organization with tax exempt status under the Internal Revenue Code of 1986, or a for-profit organization that receive compensation from grants to the States under Title XX of the Social Security Act which in the State of Georgia means having at least 25% of the participants enrolled or its licensed capacity, whichever is less, receive child care subsidy benefits provided by Childcare and Parent Services and distributed through DECAL. This requirement must be met during the calendar month preceding initial application or annual reapplication for Program participation.
4. If a for-profit organization is operating only an after school care program, the organization may only be approved to serve as an outside school hours center when at least 25% of the center's participants qualify for free or reduced-priced meals, or are Title XX participants.

Other Center Eligibility

While the at-risk afterschool meals component of CACFP is primarily geared towards non- traditional child care centers such as drop in afterschool programs, traditional child care centers already participating in the CACFP also may participate. In this situation, children who do not attend school would continue to participate in the traditional CACFP meal service provided by the center, even during the "afterschool" hours. Please Note: Centers operating both the traditional and at-risk afterschool meals component of CACFP may only claim a total of two meals and one snack or one meal and two snacks, per child, per day, including the afterschool snack.

Schools that operate longer than the traditional school day may be eligible for at-risk

afterschool meal reimbursement, provided that it operates a school day that is at least one hour longer than the minimum number of school day hours required for the comparable grade levels by the local educational agency in which the school is located.

Emergency shelters that operate afterschool programs with educational enrichment activities for homeless children and youth during the school year may participate without regard to location.

Ineligible Childcare Programs

Day care homes are ineligible to participate in the at-risk afterschool meals component of the CACFP. Organized athletic programs engaged in interscholastic or community level competitive sports only (i.e., youth sports leagues such as "Babe Ruth" and "PopWarner" baseball leagues, community soccer and football leagues, area swim teams) that restrict or exclude children on the basis of particular skills or interests are also ineligible to participate in the at-risk afterschool meals component. However, afterschool care programs which include supervised athletic activity may participate if they are "open to all" and do not limit membership for reasons other than space or security or, where applicable, licensing requirements. For example, an afterschool police athletic league program that uses sports and recreational activities to provide constructive opportunities for community youth could be approved to participate.

B. Licensure or Approval

Federal Regulations do not require at risk afterschool centers to receive Federal, State, or local licensing or approval as a condition of eligibility; however, if State or local authorities require licensing or approval, then the center would have to be licensed or approved to participate in the CACFP. In Georgia, afterschool programs are required to be licensed unless the program has been determined to be exempt and has received an exemption from the appropriate state agency. Bright from the Start: Georgia Department of Early Care and Learning (DECAL) is the state agency that grants licenses or exemptions for non-residential childcare facilities.

Those sites which are not required to be licensed must also meet State or local health and sanitation standards which include compliance with zoning, certificate of occupancy, fire inspection, and health department requirements. For non-licensed At-Risk Afterschool Meals Program centers, that are not owned and operated by School Food Authorities (SFAs), and whose staff manipulates or alters unpackaged food items/components to produce a meal for Program participants are required to have a food service permit and a satisfactory health inspection report in order to operate. For further guidance on non-licensed CACFP institutions/facilities and the preparing of Program meals, please see [DECAL Memorandum, Requirements for Obtaining a Food Service Permit](#).

Centers other than programs operated by a public school system, any government entity, or Head Starts are required to submit their letter from the child care licensing agency indicating their exemption.

C. Participant Eligibility

At-risk afterschool programs may claim reimbursement only for meals and snacks served to children who participate in an approved afterschool program and who are age 18 or under at the **start of the school year**. Programs may be either drop-in or enrolled. Reimbursement may also be claimed for participants who turn age 19 during the the school year. There is no age limit for persons with disabilities.

Since the primary purpose of the at-risk afterschool care program is to assist schools and organizations that operate organized programs of care which include educational or enrichment activities known to help reduce or prevent children's involvement in juvenile crime or other high risk behavior, only those children which attend a school age program or persons with disabilities that attend a program throughout the day and attend the center after the school/program day has ended are eligible.

Children, who are of pre-primary grade (i.e. Head Start, Even Start, or Pre-K) and who are participating in an eligible afterschool care program after their regularly scheduled early education program, may be claimed for reimbursement (For Example: Serving lunch to children after half-day kindergarten or half-day Head Start Program is allowable through the at-risk afterschool meals component of the CACFP because their school day has ended. However, the same children receiving lunch at school cannot receive lunch at the at-risk afterschool program as well). Children who do not participate in a structured early education program would continue to participate in the traditional CACFP meal service provided by the center and cannot be claimed under the At-risk Afterschool Meals Program. Centers operating both the traditional and at-risk components of the CACFP may only claim a total of two snacks and one meal or two meals and one snack, per child per day.

Centers may enroll children that attend school outside the school zone, but schools outside the center's zone cannot be used to qualify the center for the at risk afterschool care program.

D. Times of Operation

When school is in session during the regular school year, meals and snacks served in the At-Risk Afterschool Meals Program must be served after the child's school day and during the hours the afterschool program is operating. Snacks and meals can be claimed if they are served on weekends and holiday breaks at any time of the day during the regular school year, but cannot be claimed during summer vacation. (To claim snacks and meals during the summer break, the program may participate in the Summer Food Service Program).

Centers that reside in school zones where schools are in session year round, may continue to claim during holiday breaks during the school year, but if there is a distinct summer break, for example a five week break between the end of a school year and the beginning of the next, snacks and meals can not be claimed during that period.

E. Reimbursement

All institutions participating in the at-risk afterschool meals component of CACFP are eligible to claim reimbursement at the free rate for up to one snack and one meal served to each eligible participant per day. At-risk afterschool meals and snacks must be served free of charge and are reimbursed at the applicable free rates (7 CFR Part 226.17a(n)).

V. PROCEDURES

Applying for the At-risk Afterschool Meals Program

A new organization applying to operate an At-risk Afterschool Meals Program must submit an **application along with all** supporting documents requested on the application checklist. Organizations that are currently approved to operate the CACFP and are adding the at-risk after school program to their currently approved application will complete the At-risk Afterschool Meals Program application only. Institutions who are adding a site that never participated in the CACFP will be required to submit an application based on the Add-a-Site Checklist specific for each institution's type. Centers must contact the local school district to determine which schools are located in the school zone of the physical address of the center. The center must then check the Free and Reduced Price Lunch Data supplied by Bright from the Start, which can be found on the agency website. Any of the schools in the center's school zone that meet the 50 percent requirement can be used to qualify the center as eligible. The Free and Reduced Lunch Data is obtained from the Department of Education and is updated on the Bright from the Start website by February 15th each year. Area eligibility determinations are valid for five years from the beginning of the month in which the determination was made. Whenever a determination of a center's eligibility is made, the most recent data available at the time must be used.

Participants that are enrolled in an approved at-risk afterschool meals component of CACFP must be placed on a separate roster for institutions operating both a traditional child care program and an at-risk afterschool program and claimed at the free rate. These participants are not included in the Income Eligibility Categories on the claim for reimbursement unless they are also enrolled in the traditional child care program for before school or holiday care and have an approved and correctly categorized Income Eligibility Statement on file.

In determining a for profit center's eligibility, only the enrollment/licensed capacity of the traditional child care component of the center should be considered in calculating whether the center meets the 25% criterion. For example, a child care center has 30 preschool children enrolled and operates an afterschool care program for school age children. The center would be able to claim reimbursement for both the traditional child care component and at-risk afterschool snack in any month in which at least 7 of the 30 preschool children receive child care subsidy benefits.

Recordkeeping

Along with other required CACFP documents, at-risk afterschool programs must maintain the following documentation:

- The Free and Reduced Lunch Data used to qualify the center for the at-risk afterschool

program (may be used for no more than five years), to include documentation supporting that a facility's location is in the zone area of a school that has 50 percent or more of the children eligible for free and reduced price meals.

- Each child's daily attendance;
- Menu records and daily point of service meal count forms; and
- Roster (for institutions operating both a traditional child care program and an at-risk afterschool program). Please Note: A roster is not required if the institution solely operates the at-risk afterschool program; instead, daily attendance records are required.

Good afternoon,

Sorry for the late response, we had death in the family.

We do not have a floor plan for each age group but can submit that to you by next week.

An At-Risk program is a license exempt program through Bright From the Start. It is a free youth-based program offered to the youth in the community, that are ages 5-18 years old. Traditional daycare settings stop offering before and after school care at the age 13. This type of program offers snacks and meals, homework assistance, afterschool activities, community resources, transportation if needed and guidance for the youth of Clayton County. The program will be available for before school care and after school care.

The Afterschool Spott hours of operation will be Monday – Friday from 6:00 am – 8:00 am and then 2:00 pm to 6:00 pm. Services will be provided from ages 5 – 18 years old. The staff will consist on 3 – 5 members based on the enrollment. The children occupancy for the building is 38.

Licensed Providers and Exempt Providers: What are the Differences?

Licensed Providers

Who should become licensed?

- Providers caring for more than six children in a commercial location for pay are licensed as Child Care Learning Centers (CCLC)
- Residential homes caring for more than two unrelated children for pay are licensed as Family Child Care Learning Homes (FCCLH)

What are the benefits of being licensed?

- Public assurance of safe, healthy, nurturing standards
- Access to other services to benefit the provider and children including CAPS, CACFP, and Quality Rated
- Legal compliance and more flexibility in services offered to families

What are the first steps in starting a CCLC or FCCLH?

The first step in applying for an initial license is to review the requirements found at <http://dec.al.ga.gov/CCS/StartingACenter.aspx> and the Rules and Regulations found at <http://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>. Next, the provider should participate in the online licensure orientation training applicable to the type of facility they will operate. Participants register for the courses through the Georgia Professional Development System at <https://gaps.dec.al.ga.gov>

Can exempt providers become licensed?

Yes. Exempt providers who wish to become licensed will follow the same procedures as initial applicants to begin the licensing process.

Are licensed providers monitored?

Yes, in addition to the initial licensing visit that is required to obtain official permission to operate, licensed providers are monitored at least twice each year. In addition, providers receive visits when an incident or complaint arises and as a follow up after citations are issued.

Do Licensed providers reapply or renew their license each year?

The license continues, but there is a fee to renew the license each year. The fee is based on the licensed capacity and is due November 1–December 31.

Exempt Providers

What is an Exemption?

An exemption is an exception to the requirements that a business or a person must be licensed. These providers must adhere to Exemption rules and regulations. Georgia law requires that anyone caring for more than two children for pay must be licensed or obtain exemption approval. The application process and the 14 categories of Exemptions are explained at <http://www.dec.al.ga.gov/CCS/Exemptions.aspx>

Who can apply for an exemption?

Anyone operating in a commercial location can apply for an exemption. Those operating in residential homes (FCCLHs) cannot apply for exemptions. The Exemption is granted if the provider operates according to the criteria established for an exempt provider.

Can exempt providers receive funding from Childcare and Parent Services (CAPS), Nutrition Services (CACFP/SFSP), or participate in Quality Rated?
Only facilities in Categories 1 (government owned and operated) and 7 (day camps) are eligible to receive CAPS funding. All providers can participate in Nutrition Services programs if they qualify. Exempt providers cannot participate in Quality Rated.

Are exempt providers monitored?

Yes, exempt providers are monitored and visits are conducted. Providers may receive an initial visit prior to approval. All providers will receive a monitoring visit based on a random sampling percentage of providers visited each year. Providers receiving CAPS funds receive annual visits.

Are exempt providers required to renew their exemptions annually?

No. As long as the exempt provider remains at the same address and maintains the same owner/operator, the exemption will continue to be active. Exempt providers must comply with all rules set by state and local authorities governing topics such as—but not limited to—zoning, fire safety, and construction.

Do administrators and staff of exempt providers have to be fingerprinted?

DECAL encourages all exempt providers to require some form of fingerprinting to ensure safe and quality care of children. Exempt and non-exempt providers receiving CAPS funds must comply with DECAL fingerprinting rules.

United States Department of Agriculture

HOW TO PARTICIPATE IN THE AT-RISK AFTERSCHOOL MEALS COMPONENT OF CACFP

The U.S. Department of Agriculture's (USDA), Child and Adult Care Food Program (CACFP) At-Risk Afterschool Meals Component provides funding to afterschool programs that serve a meal and/or snacks to children and teens in low-income areas. There are a number of ways that local organizations can be a part of the At-Risk Afterschool Meals component of CACFP.

What is the At-Risk Afterschool Meals component of CACFP (CACFP At-Risk)?

The CACFP is a federally funded, State-administered program that provides funding to child and adult care centers and homes that serve healthy meals and snacks. Through the At-Risk Afterschool Meals component of CACFP, healthy meals and snacks can be served to children and teenagers who participate in afterschool programs in low income areas. To participate, these programs must (1) be organized primarily to provide care for children after school or on the weekends, holidays, or breaks during the regular school year; (2) provide organized, regularly scheduled activities; (3) include educational or enrichment activities, like arts and crafts, computer lessons, or homework help; and (4) be located in an eligible area.

Who Does CACFP At-Risk Serve?

The Program serves children and teenagers who are age 18 or under at the start of the school year.

How Does It Work?

- **USDA** provides funding for the Program and sets requirements for meals and snacks. Meals and snacks must meet USDA nutrition standards in order to be reimbursed by the Program. See more at the [CACFP Web site](#).
- **State agencies** administer the Program and communicate with both USDA and sponsors.
- **Sponsors** are organizations that oversee afterschool care centers. Schools, local government agencies, camps, faith-based and other non-profit community organizations may be sponsors. Sponsors communicate with the State and get reimbursed for meals and snacks served in their afterschool programs.
- **At-Risk Afterschool Care Centers** are places where children and teens participate in an afterschool program. They can be located in many types of places, such as schools, libraries, or community centers. Centers may participate in CACFP At-Risk independently or under a sponsoring organization that manages multiple programs.

Community Planning, Neighborhood and Business Revitalization

Summary & Background

(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

Periodically, the Community Development Department reviews its Table of Uses, based on its experience with citizens over the past year. Some uses are made easier to do in certain districts (more “business friendly”) and other uses are made more restrictive in certain districts in order to better protect nearby citizens. With changes to the Table of Uses, there are corresponding changes to the Conditional Uses section, Article VI. Also, there are additions or revisions to the specific approval conditions of certain uses.

The attached changes to the Conditional Uses section are in red bold print.

Update for 5.13.24 Meeting:

A few more slight changes were made since the last meeting.

Update for 6.3.24 Meeting:

The public hearing was fulfilled during the May 13th Council meeting. At the discussion of the item in Old Business on the 13th, it was decided to table the item until the June meeting so the Council could have more time to review the changes.

Update for 6.10.24 Meeting:

The Council discussed changing a few uses to conditional use, especially in the Historic District, and clarifying the language of the recyclable bin use.

Uses discussed further: Large grocery stores, telemarketing businesses, technical schools, bases of operation for food trucks, family day cares, and recyclable material collections.

The change in these uses affects the language of a few uses in the Conditional Uses section, Article VI, attached – Conditional Uses REV 6.10.24

Fiscal Impact

(Include projected cost, approved budget amount and account number, source of funds, and any future funding requirements.)

ARTICLE VI. - CONDITIONAL USES

Sec. 86-121. - Generally.

Conditional uses may be permitted upon a finding by Mayor and Council that the proposed use conforms to the minimum listed conditions and the standards of review of this article. Approval of conditional uses is subject to the procedural requirements of property rezoning of Article XII.

A conditional use will continue so long as the use thereby allowed is actually being conducted on the property to which it applies or as subsequently modified by the Mayor and Council pursuant to the provisions of this chapter, once activity authorized by a conditional use has been discontinued for a period of 60 days, the conditional use shall expire without further action by the Mayor and Council and such use may not thereafter be made on premises without reapplication therefore and approval thereof by the Mayor and Council. In making the decision regarding whether or not a conditional use has been discontinued, the Zoning Administrator shall base his judgment upon objective criteria gained from observation of the premises. The subjective intent of the owner or lessee of the property shall not be considered.

The following conditional uses may be permitted in the zoning districts specified. The listed conditions and standards below are minimum requirements, and the Mayor and Council may elect to impose additional conditions and standards on proposed uses based on the context of each case.

(d) Fence or Approved Barriers. Playgrounds shall be protected from traffic or other hazards by a four (4) foot or higher secure fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area.

For example, toddlers shall not be permitted to swing in swings designed for School-age Children. The outdoor equipment shall be free of lead-based paint, sharp corners and shall be regularly maintained in such a way as to be free of rust and splinters that could pose significant safety hazard to the children. All equipment shall be arranged so as not to obstruct supervision of children.

(g) Anchoring of Certain Equipment. Climbing and swinging equipment shall be anchored.

(h) Fall Zones and Surfacing. Climbing and swinging equipment shall have a resilient surface beneath the equipment and the fall zone from such equipment must be adequately maintained by the Center to assure continuing resiliency.

(2) Off-street parking and/or drop-off space adequate to meet the needs of the proposed facility shall be provided. No on-street parking shall be permitted in conjunction with any child day care facility. Adequate drop-off / pickup traffic circulation shall be provided to prevent vehicle backup onto City streets. Mayor and Council may attach conditions to an approval or may deny approval of a child day

"Potentially hazardous land uses or activities" include, but are not limited to, gasoline service stations, heavy industrial operations, storage of flammable materials, high pressure underground pipelines or truck or rail loading areas. Applications within 500 feet of these hazardous land uses shall provide a written evacuation plan to be considered by Mayor and Council.

Mayor and Council may attach conditions to an approval or may deny approval of a child day care facility upon a finding that traffic conditions present unacceptable risks to operation of the facility and/or the safety of children proposed to be served by the facility or that traffic impacts associated with the proposed facility would substantially jeopardize the appropriate use of neighboring properties.

Summary & Background

(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

Periodically, the Community Development Department reviews its Table of Uses, based on its experience with citizens over the past year. Some uses are made easier to do in certain districts (more “business friendly”) and other uses are made more restrictive in certain districts in order to better protect nearby citizens. With changes to the Table of Uses, there are corresponding changes to the Additional Conditional Uses section, Article XVII. Also, there are additions or revisions to the specific approval conditions of certain uses.

The attached changes to the Additional Conditional Uses section are in red bold print.

Update for 5.13.24 Meeting:

Update for 6.3.24 Meeting:

The public hearing was fulfilled during the May 13th Council meeting. At the discussion of the item in Old Business on the 13th, it was decided to table the item until the June meeting so the Council could have more time to review the changes.

Summary & Background <i>(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)</i> Gary Lewis of First Baptist Church of Jonesboro approached me last week about the church hosting a big family event on Sunday, June 23, 12-3:30PM, for their church and neighbors (see attached flyer). He was inquiring as to whether or not the church could close a portion of Church Street on that date for the times listed. - The event is Sunday, June 23, 11:00AM-3:30PM - The street needing to be closed is Church Street, between Sims St. and Cloud St. (see attached map) - Flyer (see attached) – times for entire Sunday event, including parts taking place inside our buildings, are listed on the flyer, but the street closure would be only for the times listed above, 11:00AM-3:30PM. - The street closure allows us to have the food trucks on the sanctuary side of the street and the bouncy houses on the other side by our ROC building. Mr Lewis spoke with Chief Coyt of the Jonesboro Police Department, who had the following comments: <i>Upon speaking with Pastor Lewis and reviewing the information attached to the email, I do not have any safety concerns related to the event. Pastor Lewis advised they will have off duty law enforcement officers working the event and staged at the corners for the road closures.</i>

Summary & Background

(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

Mr. Isler has requested discussion and input from the Mayor and City Council for possible dumpster locations for his upcoming restaurant at 118 South Main Street (which backs up to the Broad Street development). The restaurant has not been fully permitted yet and has not started construction, but Mr. Isler is trying to work out issues like the necessary dumpster location and grease trap parameters now. As you know, the space behind the commercial buildings fronting South Main Street is very small and cannot readily accommodate new dumpsters for new businesses. The Broad Street development also did not designate a dumpster area for businesses that were not already present when the development was finished.

Past correspondence:

Good afternoon, Mr. Isner,

I believe you called about dumpster requirements in the City while I was out.

Your new property at 118 South Main Street is in the Historic District.

Sec. 86-102 (l)h.3.

3. Dumpsters shall be placed to the rear of buildings and shall be screened from public view by fencing or walls utilizing traditional materials (see subsection (1)g.2 above.

g. Fences and walls.1.Historic fences and retaining walls shall be maintained and not removed.2.New fences and screening walls shall be constructed of traditional materials, typically wood for fencing and brick, stone or granite for walls.

However, the main constraint for dumpsters for the buildings whose rear faces the Broad Street development is the lack of property area at the back. No business currently has a dumpster in this specific area. However, I realize as a restaurant that one or two standard size trash cans may not suffice.

Do you have a rough plan of where the dumpster would be proposed? There is also the aesthetics and smell to consider due to the sidewalks, etc. in the immediate area.

At a staff meeting today, we were discussing options for dumpster placement for future restaurants between Main Street and Broad Street.

14.3

Due to issues like access along Broad Street, a loss of parking spaces, and potential visual and smell concerns, we have decided that the best place for dumpsters is to create a space on the city-owned parking lot on West Mill Street across from Nouveau restaurant.

Mr. Isler said that the location in the city-owned parking lot across from Nouveau would be a long way to walk.

Requested Action (Identify appropriate Action or Motion, purpose, cost, timeframe, etc.)

Council to consider Resolution for disposition of King Street Parcels: 214 King Street; 216 King Street; and 0 King Street.

Requirement for Board Action (Cite specific Council policy, statute or code requirement)

Resolution for King Street Properties Closure

Community Planning, Neighborhood and Business Revitalization

Summary & Background

(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

LaTonya Wiley of the city attorney's office has been recently working on the disposition (closing) of the three King Street lots (214, 216, and 0 King Street) that the city owns, which will be granted to Southern Crescent Habitat for Humanity soon to build single-family housing. The exterior design and necessary variances for two of the lots have already been approved by the city council.

Per Ms. Wiley,

Based on our conversation it appears that the most expedient route will involve the City conveying the parcels to the URA and thereafter, the URA can enter into purchasing agreement for the purpose of conveying the property to Habitat.

I believe this can all be accomplished in June.

The plan is to have council approve a Resolution conveying the parcels to the URA. The URA will separately (in its own meeting) convey the parcels to Habitat.

I will draft the Resolution for inclusion of the Agenda and send it out.

Note: The URA is the Jonesboro Urban Redevelopment Agency, which was merged into the Downtown Development Authority a few months ago.

Ms. Wiley will present her resolution document to the Mayor and Council at the June 10th meeting.
